1. Location

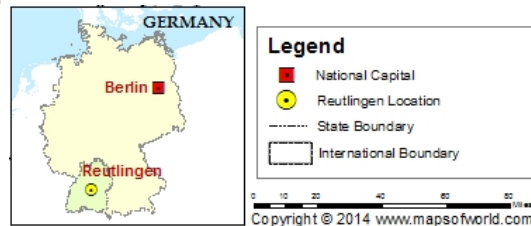

Einsiedel is located 10 km from Tübingen and 5 km from Reutlingen and only 30 km from Stuttgart. The farm estate is situated right in the heart of the State Baden-Württemberg and has been a part of the municipal district of Kirchentellinsfurt within the district of Tübingen since 1829.

With a population of 600,000 Stuttgart as the state capital is the biggest city in Baden-Württemberg. It is considered as the birthplace of the car, and the museums established here by Mercedes Benz and Porsche attract motor enthusiasts from all over the world. Yet fans of culture get their money's worth here, with beautiful galleries, museums, and an extraordinary opera house. The city's core is filled with open green spaces that are perfect for strolls, such as the palace gardens, the Rosensteinpark and the Zoological and Botanical garden Wilhelma. The river Neckar, which mainly runs in Baden-Württemberg is also flowing through Stuttgart. The city is a haven for foodies and fine wine lovers. Swabian cuisine is famous far beyond the region's borders, and offers a range of delicacies, which go well with the excellent wines that are grown in the many vineyards.

The university town of Tübingen is, without a doubt, one of the most beautiful cities in Germany. With around 86,500 inhabitants, of which about a third are students, the city combines the flair of a medieval town, with its striking old marketplace, with the vibrant bustle and lifestyle of a young student town. The city is particularly

radiant in summer with its picturesque waterfront on the Neckar, and the punts that make their way along the river lending a Mediterranean atmosphere.
